

- Alternating current (AC) MMA electrode welding machine, 160A. Supplied with accessories for welding.
- Usable electrodes: rutile up to 4 mm.
- Continuous adjustment of welding current.
- Thermostatic protection.

## DESCRIPTION

MMA stick electrode welding machine in alternating current (AC).  
 Stepless regulation of welding current.  
 With thermostatic protection.  
 Use with electrodes: rutile.  
 Complete with MMA welding accessories.
